MUDDLED UP

Can you unscramble the letters below to create a word?

O U E
R Y J N

WOLF FACT FILE 1

Evidence suggests that wolves were first domesticated by prehistoric humans around 40,000 - 15,000 years ago.

RUNE REPAIR

Draw a line to connect the matching halves of these prehistoric runes.

TRUE OR FALSE?

In prehistoric times, people had to use natural signs to find their way around. How many of these questions can you answer correctly?

1

In the UK, the sun is due north in the middle of the day.

TRUE OR FALSE?

2

The North Star is also known as Polaris.

TRUE OR FALSE?

3

Lichen tends to be a brighter colour when it grows on the southern side of a rock.

TRUE OR FALSE?

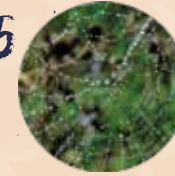

4

On a really sunny day, there will be more clouds over clear fields and empty space.

TRUE OR FALSE?

5

Spiders tend to build their webs where it's sheltered from the prevailing wind.

TRUE OR FALSE?

6

Cows will only ever lay down facing west.

TRUE OR FALSE?

7

Looking out for certain plants and following animals are two techniques for finding water.

TRUE OR FALSE?

8

Rose bushes grow their flowers facing the wind so their scent can be carried further.

TRUE OR FALSE?

STAR GAZING

In ancient times people used the stars to navigate. Can you find the constellations in the circles among these stars?

WOLF FACT FILE 2

Wolves howl for two main reasons; firstly to let other members of their pack know where they are but also to ward off any rival packs from their territory.

PAW PRINTS

How many wolf paw prints can you find on this activity sheet?
